

What's new !!

SUZUKI Swift Sports(ZC32S/M16A) Flywheel & Clutch KIT (Metallic Disc & Sports Disc)

WELL BALANCED

Super response!! Improved circuit lap times by shortening braking distance.

Swift sports M16A (ZC32S) Ultra Light Weight Chrome-molly Flywheel	Price	46,000 yen
Swift sports M16A (ZC32S) Metallic clutch kit	Price	101,600 yen
Swift sports M16A (ZC32S) Sports clutch kit	Price	94,600 yen

■TODA Original design Chrome Molly Flywheel with light weight & improved strength

note : The most important element of a flywheel is its inertia ($0.31\text{kg}\cdot\text{cm}\cdot\text{S}^3$) this is more important than the weight of the unit. Toda Racing designed flywheels are designed to improve weight, inertia and strength characteristics helping to improve the response of the vehicle whether accelerating or braking.

TODA Light Weight Flywheel + Strengthened Clutch Cover + Clutch Disc with Well-Balanced

26000-M16-20M	101,600 yen	Metallic Clutch KIT (Well Balanced)
22100-M16-000	46,000 yen	Chrome Molly Flyheel 3.5kg
22300-M16-200	27,800 yen	Strengthened Clutch Cover (5650N)
22200-M16-20M	27,800 yen	Metallic Clutch Disc
26000-M16-20N	89,900 yen	Sports Clutch KIT (Well Balanced)
22100-M16-000	46,000 yen	Chrome Molly Flyheel 3.5kg
